Next walk

Djiti Djiti Ridge, Chittering Road
4.30 pm Saturday 3rd September 2022

Hello Birders

It's been a rough week but I made it - how about you?

Well, I can only apologise for no newsletter on time. First time, unfortunately, we have had a "perfect storm" occur at landcare over the past couple of weeks. But I will leave those stories for another time.

We had a lovely (as usual) breakfast at Judith's place thanks to Mark once again at the bbq and all the lovely treats that everyone brings.

We weren't the only ones enjoying the food laid on! About 40 Carnaby's Black

Cockatoos were having a great time in Judith's macadamia trees. As for the rest of the birds spotted, there were a couple of notable absentees like the Golden Whistler. The white-necked heron and the grebes on the dam.

Our experiment with an evening spotting at Djiti Djiti Ridge may be marred by rain although I don't think that will keep us from looking anyway.

Kind regards

Rosanna and Sue

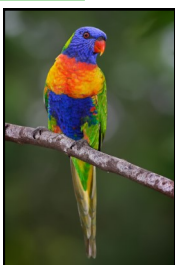

Brown Goshawke
